

Active Families (AFs) Flag Team

Active Families entered a flag team in a local competition organised by Porirua City Flag to further reinforce the logic of the program of introducing our kids to organised sporting activity. The “AFs” are competing in the under 9 division have won 2 lost two so far. Competition will break up during the Christmas/new year period with a completion date of Feb 25th 2012.

For those unfamiliar with how flag works, think of touch rugby, but with a velcro belt holding tags attached to it. It is the opposing players intention to ‘rip’ ‘flag’ or tag from his or her opposite force a replay.

Eight players are on the field at one time with an average of 10 players showing on game and 12 registered in total. There is great mix of both boys and girls playing. Imaj Rameka (pronounced Image) is not only one of the fastest girl I have seen but a try scoring machine. Father Frank proudly announces that she runs around a lot of her cousins in the same manner she runs on the field with ball in hand.
