

# Māehe Haere - Movin'March 2019

**[Register](#) now and guarantee your school's free prize pack in February!**

Movin'March is open to all primary school Year 0-8 children in the Wellington region and is a month-long celebration organised by Greater Wellington Regional Council and supported by your local council.

- Do you have issues with chaos at your school gate?
- Want to get students more active or engaged in the classroom?
- Walking and 'wheeling' to school helps foster independence in older children and gives parents and caregivers of younger children the opportunity to "take time" to walk together.
- Yes Movin'March can work for families who live "too far away", check out our [park and stride resources](#).

Last year 24,355 students participated in Movin'March recording nearly 60,000 walk or wheel trips over the month. Schools get to choose how much they do and registering is quick and easy (check out the [list](#) to see if your school is already registered). Our [website](#) has loads of classroom resources to fit your school's needs.

**Come [join](#) the movement!**
